

## **More talent, more competition, more opportunity for KPS and its talented athletes in KPS-Season 2**

For Immediate Release

March 1, 2006

Keep Playing Sports highly competitive sports leagues are returning to a region near you this spring. Last year, KPS introduced America to a top-notch league designed for high-caliber amateur athletes. The inaugural 2005 season ended with a National Finals Tournament in Las Vegas, NV with Carl's Place out of Des Moines, IA winning the National Championship, including the \$4,000 team prize!

Just like last season, this upcoming season promises ultra-competitive games that will be played in the highest quality gyms and will be officiated by certified referees. Separating itself from local recreation leagues will be the addition of official stat keepers. Full, detailed statistics will be viewable to your fans at [www.keepplayingsports.com](http://www.keepplayingsports.com) giving them the ability to track a player or team's season.

In addition to bringing together more top-notch teams from around the country, KPS plans on spicing up its offerings this year by inviting international scouts and recruiters to the final tournaments, whom have expressed interest in recruiting top KPS performers to try-out for international professional teams. Additionally, KPS is launching its online nutritional and athletic training store designed to offer the very best products to the top athletes that KPS serves. More services to look for from KPS are online group and team travel solutions and other services designed to bring a complete community together to satisfy the needs of the competitive amateur athlete.

Registration for the Spring 2006 KPS Basketball League is now open! Players may sign up as an individual or as a team. If signing up as an individual, players will be placed in a team that best fits their position and skill set.

To all the players out there: Be sure to bring your game this season, as the very best will be out there in KPS jerseys competing for that Las Vegas trip and the bragging rights and prize money that come along with it. For more information or to register for the spring season, contact Keep Playing Sports at 877-PLAY-KPS or visit [www.keepplayingsports.com](http://www.keepplayingsports.com).
